Homework Policy A/Y: 2025-2026

Introduction

At Dubai International Private School (DIPS), homework is a vital component of reinforcing classroom learning. Our policy emphasizes meaningful and manageable assignments that support student growth without overwhelming them. We focus on quality over quantity, ensuring that homework is a positive and relevant part of the educational experience.

Homework Philosophy

At DIPS, we believe that homework should reinforce classroom learning while promoting critical thinking and independent study. Homework assignments are only given for core subjects—such as English, Math, Science, Arabic, and Islamic Studies—to keep the workload manageable and focused on key areas of student development. Non-core subjects will be practiced and reinforced during class time, ensuring a balanced approach to the overall educational experience. Our approach ensures that assignments are meaningful, manageable, and relevant to real-life contexts. Homework is designed to be a tool for learning, not a source of stress, helping students build essential skills while maintaining a balanced life.

Homework Schedule
